ANNOUNCEMENTS.

The catalog of last year is being reissued this year for two reasons: 1. The material it contains would be the same in a new publication, except the calendar, the faculty, and the student list. The first two are corrected in this supplement; the last will be taken care of in a subsequent number of the Quarterly. 2. We had 1500 copies of the catalog left over from last year, due to economy in distribution, an effort which we made because of the world shortage in paper. As that shortage still continues, even more acutely, we feel it to be our duty to use this large supply, particularly as all information is up to date, or made so in this supplement.

The board rate, \$5.50 a week, and all fees will undoubtedly be the same for the next school year.

Prospective students are asked to fill in the form on page 24 of the catalog, and to mail the same as soon as possible to the Principal. Even during the war our dormitories have been full, and the enrollment for the Fall Term, beginning September 9, will be larger. Secure a room early.

The National War Work Council, representing the allied interests of the Y. M. C. A., the Knights of Columbus, and similar organizations, is maintaining a General Secretary at Mansfield Normal, because of our large attendance of young men. The Normal trustees have granted one of the school cottages to these organizations. This has been well furnished, and is adding greatly to the social and religious life of the young men.

Information concerning the Business Courses at Mansfield does not appear in this catalog, as the courses were not started until last Fall. Full information was published in the November issue of the Quarterly, a copy of which will be sent to any one upon request. The combination of the Commercial Course with the Regular Normal is most generally selected by the students.

HOW TO REACH MANSFIELD.

Mansfield is thirty-six miles from Elmira, via the Erie railroad. Students coming via the Northern Central railroad, change at Elmira; those coming via the Pennsylvania Division of the New York Central change at Tioga or Lawrenceville. Passengers from the East, by the Erie, change cars at Elmira; by the Lehigh Valley, change at Waverly, thence to Elmira and to Mansfield by Erie; by the D. L. & W., change at Elmira, thence to Mansfield by the Erie. Those coming from the West, on the Erie or D., L. & W., change cars at Elmira. See map in front of book.

All baggage should be distinctly marked with the name of the owner and "STATE NORMAL SCHOOL," to insure its being brought to the Normal building. Whenever baggage is to be taken to the station, it should be marked with the name and destination of owner.

A special train, with reduced rates, leaves Scranton for Mansfield to accommodate our students on the opening day of the Fall Term. Write to the Principal for the exact time, which will be determined during the summer, after the enrollment is known.

COURSE OF STUDY

REGULAR NORMAL COURSE

This course is based on the "unit" plan as proposed by the Carnegie Foundation. A unit represents a year's study in any subject in a secondary school, requiring at least four periods of forty-five minutes each for not less than thirty-six weeks.

To be admitted to the First Year, students must show a fair knowledge of Arithmetic, Reading, Orthography, Penmanship, United States History, Civics, Geography, Grammar, Physiology and the Elements of Algebra to Quadratics.

FIRST YEAR

	PERIODS	PF	RIODS
Algebra	160	Reading and Public Speaking	ng 50
Latin	160	Physical Geography	50
School Management and		Arithmetic	100
School Law	160	Grammar	160

at 90 per cent.)		Manual Training or	
Ancient and Mediaeval		Domestic Science	50
History	100	Fhysical Training	80
German, French, or	Spanish	may be substituted for Latin	n

German, French, or Spanish may be substituted for Latin in the First and Second years of the regular Normal Course.

SECOND YEAR

	PERIODS	PER	TODS
Plane Geometry	160	Modern and English History	100
Rhetoric, Composition		Caesar	160
and Classics	160	Drawing (Mechanical and	
Botany	100	Freehand)	100
Civics	50	General Methods	160
Zoology	50	Physical Training	80

German, French, or Spanish may be substituted for Latin in the First and Second years of the regular Normal Course.

THIRD YEAR

PER	RIODS	PER	IODS
Psychology and Observation	160	Physiology and Sanitation	80
Cicero	160	Solid Geometry and	
Literature (Eng. & Am.)	100	Trigonometry	160
U. S. History	50	Chemistry	160
Geography	80	Methods in History and	
Physical Training	80	Geography	100

In the Third Year, Economics may be offered for Cicero, German, French, or Spanish; Geology and Astronomy may be offered for Solid Geometry and Trigonometry.

FOURTH YEAR

PER	IODS	PERI	ODS
Practice Teaching	160	Virgil	160
History of Education	100	Physics	160
Agriculture and Nature		Drawing (Methods)	50
Study	100	Public Speaking	50
Arithmetic, and Methods in	100	Manual Training or	
Grammar, and Methods in		Household Management	50
English	100	Physical Training	80

In the Fourth Year, Methods in Vocal Music for Grades, Rural School Problems, Ethics, Logic, and Sociology, (select three) may be offered for Virgil, French, or German. Philosophy of Education or Surveying may be substituted for Ethics, Logic or Sociology.

CONDITIONS OF ADMISSION, RULES OF EXAMINATIONS, ETC.

- 1. Properly certified graduates of approved Pennsylvania high schools of the first grade and city high schools as listed by the Department of Public Instruction, may be admitted to the third year of the course without examination, and be conditioned in the branches that have not been satisfactorily completed by them.
- 2. Properly certified graduates of approved Pennsylvania high schools of the second grade shall be admitted to the second year of the course without examination, and be conditioned in the branches that have been satisfactorily completed by such students.
- 3. Properly certified graduates of approved Pennsylvania high schools of the third grade shall be admitted to the first year of the course wihout examination, and be conditioned in the branches that have not been satisfactorily completed by such students.
- 4. A person who desires to be admitted to the second or third year without previously having attended an accredited high school, must have a certificate of a commissioned Superintendent of Schools, showing that he has pursued the branches of the first year or the first and second years, with his standing in those branches, or must pass a satisfactory examination by the Faculty in said branches, or be conditioned in them.
- 5. At the completion of the third and fourth year, candidates are examined by a State Board of Examiners. If the Faculty of any

THE NOTCH, AS SEEN FROM THE NORMAL

State Normal School or the State Board of Examiners decide that a person is not prepared to pass an examination by the State Board, he shall not be admitted to the same examination at any other State Normal School during the same year.

- 6. If a person who has completed the State Board examinations required for admission to the classes of any year at any State Normal School desires to enter another Normal School, the Principal of the school at which the examination was held shall send the proper certificate to the Principal of the school which the person desires to attend.
- 7. Candidates for graduation shall have the opportunity of being examined in any higher branches, and all studies completed by them shall be named in their certificate. Persons who have been graduated may be examined at any State examination in any higher branches, and the Secretary of the Board of Examiners shall certify on the back of their diplomas as to the passing of the branches completed at said examination.
- 8. A certificate setting forth the proficiency of all applicants in all the studies in which they desire to be examined by the State Board of Examiners shall be prepared and signed by the Faculty and presented to the Board.
- 9. No state examination shall be given to any student on part of a year's work unless the study is completed, but (except in the last year's examination) a student may be conditioned by the State Board of examiners in not more than two subjects, covering not more than one period of work for a year. Accurate records of these conditions shall be promptly sent to the Superintendent of Public Instruction and the fact that the students thus conditioned have taken up subjects and passed them by the faculty shall be certified to in writing to the State Board of Examiners before such students are admitted to another State Examination.
- 10. Within fifteen days after the examination by the State Board at any Normal School, the Principal of the school shall send to the Department of Public Instruction a complete list of all who have taken advanced branches, together with a list of these branches, also a list of those to whom diplomas and certificates were granted, and a list of those who passed the State examination in any year, naming the year.
- 11. Residence for the last two years shall be required of all students, except in the case of graduates of Four Year Courses in colleges approved by the College and University Council, or in the case of students who have satisfactorily completed one year's work at an approved college, who may be graduated after one year's residence.
- 12. At the discretion of the Faculty, High School graduates may be excused from doing over any academic work in the four years satisfactorily done in the High School, provided that this be not applied to the review subjects of the Third and Fourth Years.

High School Graduates should send to the Normal School for application blanks for High School credits.

SPECIAL COURSES OFFERED BY THE SCHOOL

MUSIC

Introductory.

The instruction in this department is gven by teachers who are artists of very superior ability and attainment. The work is founded upon the plan of the best conservatories of music and makes possible to the student at a most moderate fee opportunities which are offered only by schools of the highest order. It is the aim of the department to fit its graduates for efficient teaching or for public appearance.

Certificates.

At the completion of the various courses certificates are granted by the school, showing the course pursued, and the work accomplished.

Entrance Requirements.

Before devoting the greater part of their time to the study of music, students must have completed a High School course of four years, or two years work in a Normal School, and must give evidence of possessing sufficient ability to make success probable. In some instances, students who do not possess the required academic preparation can make up that work in the regular classes of the school while pursuing their studies in Music.

Courses of Study.

Three years of language are required in each music course. All students in the special Music Courses are required to take theoretical subjects as follows: Rudiments of Music; Ear Training and Sight Singing; History of Music; Harmony; Form and Appreciation; Counterpoint and Instrumentation. In the last year of each course, special attention is devoted to the Pedagogical side of the subject, with a view to graduating expert teachers of the various subjects. All students are required to appear in frequent recitals and to assist in ensemble productions, and all candidates for graduation must give or contribute to a senior recital program.

Students with sufficient previous preparation may complete a course in less time than is designated in this catalogue, but every candidate for graduation must study at least one year in the institution.

Piano.

The course in Piano covers four years. It requires one lesson a week and three practice periods a day through the first and second years, and two lessons a week and three practice periods a day through the third and fourth years. Either Voice or an Orchestral Instrument should be studied, one lesson a week, through the last two years of this course. One year of piano should precede or be taken in connection with all the other courses. The course includes studies by Czerny, Loeschorn, Kuhlau, Bach's Two and Three

Part Inventions, and Well Tempered Clavichord; sonatas of Mozart, Haydn, and Beethoven, and the works of Mendelssohn, Schumann, Chopin, Grieg, Lizt, Rubenstein, Dvorak, etc.

Voice.

Three years are required to complete the course in Voice. Special attention is given to tone production, voice placing and breathing, enunciation, phrasing, blending of registers, and the technical exercises of Boneldi, Lutgen, Panofki, Lamperti, etc. English, Italian, and German songs are taught and a suitable repertoire is selected and given to each student.

Violin.

The course in Violin covers four years' work. It comprises studies by Hohmann, Dancla, Schubert, Henning, Kayser, DeBeriot, Kreutzer, Dont, Ries, Alard, Baillot, Sevcik, Kross, Schradieck, Leonard, Compagnoli, Fiorillo, Rode, etc.; sonatas by Mozart, Bach, Haendel, Grieg and Beethoven and solos by the masters.

Violoncello.

An adequate course is offered for those who desire to study the Violoncello. Work is also offered in Mandolin, Guitar, and Banjo.

Organ.

This course is open to any who have completed two years of piano. Its object is to prepare students for church positions, as well as to fit them for recital work and to become teachers of Organ. The works of the best composers for the organ are studied, considerable time being devoted to the study of Bach during the second year of the course. The school has an excellent three manual organ, built by the Austin Organ Company, of Hartford.

Symphony Orchestra.

A symphony Orchestra averaging forty members composed of students of the school is maintained and holds two rehearsals each week, giving opportunity to become familiar with the best forms of orchestral literature. The orchestra gives frequent concerts.

Normal Courses in Public School Music.

These very thorough and comprehensive courses in public school music supervising should not be confused with the superficial short courses given by some schools or with the vocal music given in the regular Normal Course.

Two courses are offered in Public School Music, as follows:

- 1. A course of two years open to graduates of a four year high school course, or to students who have completed two years' work in a normal school. This course is of a broad scope and is intended for those who wish to become Supervisors of Music.
- 2. A one year course open only to graduates of normal schools in the regular normal course. This course is intended for those who wish to become special teachers of Music in Public Schools.

			\$6.45

If these are taken as a course, the charge is \$6.00 a week for year. If the student is 17 years of age or over, the charge is \$4.50 a week for the year.

Each student in the Music Course is allowed free of charge three academic subjects a day. One of these subjects must be in pedagogy. Additional academic subjects charged at the rate of 35 cents a week.

Note-If further information is desired send for our special music catalog.

ART

Two courses are offered in Normal Art, as follows:-

- I. A course of two years open to graduates of a four year high school course, or to the students who have completed two years' work in a Normal School. This course is comprehensive and is intended for those who wish to become Supervisors of Drawing.
- II. A one year course open only to graduates of normal schools. This course is intended for those who wish to become special teachers of Drawing in Public Schools.

The Normal Art Courses are designed to give the student a knowledge of art, and skill in drawing, painting and the Manual Arts; and at the same time to train the student for the position of teacher of drawing in the elementary and secondary schools, or as supervisor of drawing in the public schools.

Course of Study.

- I Still Life-Charcoal and Pencil.
- II Drawing from Casts.
- III Painting—Water colors, instruction in drawing, painting, and composition of still life, flowers, landscapes, etc.
- IV Freehand perspective—Drawing of objects, exteriors and interiors, street scenes and plant forms.
- V Blackboard Drawing.
- VI Design and Applied Design—Making of designs for plaids, tiles, book covers, stencils, cut and tooled leather, baskets, wood-block, printing, etc., suitable for school work.
- VII Color—Attention is given to color in connection with design and composition, and to the development of original and harmonious color schemes.
- VIII Applied Arts—Instruction is given in elementary manual training, consisting of card board construction, paper cutting, basketry, weaving, clay modeling, and elementary book binding.
 - IX Mechanical Drawing—This course is arranged with reference to the needs of teachers.
 - X Histories-Ornament, lectures.
 - XI History of Art—Lectures on the History of Architecture, Sculpture, and Painting. Students are required to take notes and use a text book.
- XII Theory and Practice of Teaching Drawing—This course includes practical work, practice teaching, observation and discussions, the planning of lessons and courses

COLLEGE PREPARATORY

(These courses have been instituted by this school for the benefit of students who desire to pursue a course of study at college or university. Students who complete these courses are admitted, without examination, to most of the first-class institutions of higher learning.)

1. Preparatory to a Classical Course.

ENGLISH - Spelling; Reading; English Grammar Composition: Rhetoric, College Entrance Classics for the year.

HISTORY—History of the United States; Outline of Roman History; Outline of Grecian History.

GEOGRAPHY-Political and Physical Geography complete. PHYSIOLOGY-Martin's Text Book complete, or the equivalent. MATHEMATICS-Arithmetic, Algebra through Quadratics; Plane Geometry.

LATIN-Latin Grammar and Reader; Caesar's Commentaries, four books: Cicero's Orations, four against Cataline, and "Pro Archias" and "Manilian Law;" Virgil's Aeneid, six books; Latin Prose Composition.

GREEK-Greek Grammar and Reader; Xenophon's Anabasis, four books. Homer's Iliad, three books; Greek Prose Composition.

2. Preparatory to Latin Scientific Course.

This course is the same as the Classical Course, except that for Greek, German and Elementary Physics are substituted.

3. Preparatory to Technical Course.

ENGLISH — Spelling; Reading; English Grammar and Composition; Rhetoric; College Entrance Classics for the year.

HISTORY—History of the United States; General History.

GEOGRAPHY—Political and Physical Geography complete.

PHYSIOLOGY—Martin's Text Book complete, or the equivalent.

MATHEMATICS—Arithmetic; Algebra complete; Plane and
Solid Geometry; Plane and Spherical Trigonometry.

GERMAN—German Grammar and Reader; William Tell; Marie Stuart.

ELOCUTION.

The course in Elocution requires two years; the entrance requirements are the same as for the other subjects in the Fine Arts Department.

In the first year, students are required to take Psychology and General Methods; in the second year, History of Education and Literature. Credit is allowed at Emerson College of Oratory for work done at Mansfield State Normal. It is possible for Normal graduates, who have also completed the course of two lessons per week in Elocution, to be admitted to Emerson College without examination and complete their four year course in two years.

First Year-Two lessons per week.

FALL TERM

Evolution of Expression-Book I.

Mechanical Drills-Ott's "How to Use the Voice"-Part I.

Ott's "How to Gesture".—Chapters I to X inclusive.

Methods of Teaching Reading and Public Speaking in Public Schools.

An Easy Play.

Emerson College Chansonnettes.

WINTER TERM

Evolution of Expression-Book II.

Thought and Emotion Expression—Ott's "How to Use the Voice"—Part II.

Ott's "How to Gesture"—Chapters XI to XXI inclusive.

Methods of Teaching Reading and Public Speaking in Public Schools.

An Easy Play.

Class Recitals.

Emerson College Chansonnettes.

SPRING TERM

Evolution of Expression—Book III.
Ott's "How to Use the Voice". Analysis of Sections in Part III.
Ott's "How to Gesture." Chapters XV to XXV inclusive.
Methods of Teaching Reading in Public Schools.
An Easy Play.
Class Recitals.
Emerson College Chansonnettes.

Second Year-Two lessons per week.

Evolution of Expression-Book IV.

FALL TERM

Cutting of Scenes and Entire Plays.

Comparison of Present Day Methods of Teaching Reading in Public Schools.

Practice in Teaching.

Bible and Hymn Reading.

Shurter's "Extempore Speaking" to Chapter V.

Alden's "The Art of Debate" to Chapter VI.

Public Recitals.

Dramatic Interpretation of "As You Like It."

WINTER TERM Review of Evolution of Expression—Books 1 and II.

Dramatic Interpretation of "Taming of the Shrew."

Comparison of Present Day Methods of Teaching Reading in Public Schools.

Practice in Teaching.

Bible and Hymn Reading.

Shurter's "Extempore Speaking" completed.

Alden's "The Art of Debate" completed.

SPRING TERM

Review of Evolution of Expression—Books III and IV.
Dramatic Interpretation of "Hamlet."
Comparison of Present Day Methods of Teaching Reading in
Public Schools.

Practice in Teaching.

Public Recitals.

Bible and Hymn Reading.

Study of Plays and Commencement Programs for High Schools. Presentation of a Modern Play.

Throughout these lessons specific attention is given to Vocal fechnic, Pantomime, Impersonation, Gesture, Stage Managing, and Individual Repertoire.

RURAL TRAINING SCHOOL (Before outbuildings were replaced by chemical toilets)

MODEL SCHOOL

DOMESTIC SCIENCE KITCHEN

KINDERGARTEN (Froebel and Montessori)

Students who have had a high school education or the equivalent may finish this course in two years. Those who have not had this amount of preparation should take the equivalent in academic work before specializing in Kindergarten work. Graduates in the Regular Normal Course and teachers of experience may finish the course in less time, depending upon previous preparation.

The expenses in this department are the same as in the Regular Normal course. Voice is required of all students at least once a week for three terms. This should be taken in the Junior year. Lessons are 75 cents each; practice period 25 cents a week. Students may purchase books required in this department through the school at list price.

LIBRARY METHODS.

A comprehensive course in Library Methods is offered to qualified students who may desire to pursue it in connection with the Regular Normal Course.

RURAL SCHOOLS.

A series of lectures will be given by County Superintendents and rural school authorities on problems of the Rural Schools. These lectures will form a course that will aim to prepare prospective teachers to meet conditions such as exist in rural districts. They will be open to all seniors and special students taking the teachers' classes. Classes in Rural School Management, Methods and Sociology will be offered.

BUILDINGS AND GROUNDS.

The Normal School buildings present a noble and imposing aspect. The school grounds have an area of sixteen acres. The lawns about the buildings are beautifully laid and covered with a great variety of forest trees. The sports of the school are carried on in Smythe Park, a beautiful enclosure in Mansfield of about thirty acres, containing a ball field that is unexcelled, and with seating capacity for five thousand persons. A farm of 14 acres, adjoining the school property, was recently purchased.

South Hall

This is a brick structure, one hundred fifty feet in length by fifty feet in width. In this building are the men's dormitories, the circulating library, reading room and reference library, recitation rooms, Y. M. C. A. room, and the text-book library. This building, formerly the old seminary, was enlarged and remodeled in 1889. One hundred and fifty feet north of South Hall, stands the

North Hall

This building is one of the finest school buildings in the country. It is two hundred and seventy feet long by one hundred feet wide, and five stories high. It contains the Principal's office, dormitories for the women, reception rooms, Y. W. C. A. room, suite of rooms for the Art and Music departments, an elegant dining room large enough to seat five hundred, passenger and freight elevators, the kitchen, bakery, cold storage plant. The dormitories on each floor of both buildings are supplied with bath tubs, and everything needed for health and comfort. All the buildings are heated by steam, lighted by electricity, and supplied with fire escapes of the best construction. Midway between the North and the South buildings is

Alumni Hall

This is a brick building, fifty-four by one hundred seventeen feet, three stories high. It contains the recitation rooms, kindergarten and a concert hall which occupies one entire story. In this hall is located one of the finest pipe organs to be found in this section of country. This building was completed in 1868. In the rear of South Hall stands the

Gymnasium

This is a fine structure; it is a frame building, fifty by one hundred thirty feet; it contains a large hall, fifty by one hundred feet, two spacious rooms used for dressing rooms, a room equipped with shower-baths and lockers, and one class room. The drill hall is well furnished with apparatus. This building was crected in 1888.

Model School

To the east of North Hall there has recently been completed a superior structure to be devoted to the Model School. The building is one hundred and twenty feet in length by seventy-two feet in width, two stories and a basement. It contains twelve regular class rooms, a commodious assembly hall, office, and other rooms for the special help of retarded children. In the basement are separate play rooms for boys and girls, heating and ventilating appliances, toilets, cloak rooms, etc. It is a fire-proof building, erected of re-enforced concrete, with a brick facing. Connected with the Model School are play grounds and school gardens.

Hospital.

A hospital, brick building, completely isolated from the dormitories, has recently been completed. It is furnished with every appliance for the sick, and it also contains the permanent apartments of the regular nurse.

Music Practice Hall.

The Normal recently purchased some of the property adjoining the tennis courts, and it is now used as a Music Practice Hall. It is located about fifty yards northwest of North Hall.

Model Rural Training School.

An arrangement exists between the Richmond Township School Board and the Normal authorities by which the Normal School has the use of a district school for training purposes. It is thoroughly up-to-date.

Tennis Courts.

Four large, well-kept tennis courts are maintained. These afford one of the most beneficial exercises for the boys and girls.

GENERAL INFORMATION.

The Aim.

The distinctive aim of a Normal School is the preparation of the teachers for service in public schools. The methods of teaching and government which grow naturally out of this aim, are best suited to the education of all who would be prepared for life.

Since the teacher must be an independent learner, our class-room work is designed to foster this quality. A subject is not considered learned when a student is able to answer any number of leading questions of fact; the evidence of accomplishment is seen rather in his ability to treat the subject without the aid of a teacher's questions—to grasp its philosophy, and to become so thoroughly the master of it that he can rationally question another.

Furthermore, the really successful teacher must be a person of unsultied character and of a strongly formed habit of self-control. Accordingly, our disciplinary aim is to develop these qualities. Obedience to regulations, systematic co-operation in all requirements, and interested endeavor in all school duties, are expected of every student.

Parents are urged not to look upon this as a reformatory, and not to send us vicious or immoral persons to be educated. All that lies in the power of the faculty will be done for those who strive to help themselves. Others will be advised to withdraw. The time and energy of an earnest and superior faculty is too largely expended in teaching well, and in helping faithful students, to justify any other course.

The Plan

The special mental equipment of a teacher (aside from character and a forceful personality,) consists of (1)—Knowledge of the subject matter to be taught; (2)—Knowledge of the laws of mental action; (3)—Knowledge of those methods of imparting instruction and of moving the will which are in most complete harmony with the laws of mental action. This last method may be either theoretical or practical; with the artistic teacher it is both.

In this school the student receives his knowledge of subject matter in his daily study and recitations. He acquires an elementary knowledge of the laws of mental action by the study of Psychology. In order to supply him with theoretical knowledge of the best method of imparting instruction and of moving the will, we give regular instruction in Methods of Teaching, School Management, and History of Education. Finally, to furnish him, as far as possible, with the needed practical skill, we introduce the Senior to the work of actual teaching in the Model School, where teaching conditions are real, as we have about 400 graded pupils.

EXPENSES IN REGULAR NORMAL DEPARTMENT

	Fall Term (15 Weeks)	Winter Term (12 Weeks)	Spring Term (13 Weeks)	Total for Year	Per Week for Time less than a Term
*Enrollment Fee					
*Board, room rent, and

Deposit Fee - \$5 for the	year, Retur	ned at end of	year.		
*Because of the	unsettled	market co	onditions of	food and	l fuel, due

*Because of the unsettled market conditions of food and fuel, due to the war, we cannot announce before June what the boarding rates and fees will be for next year. Board for 1917-1918 was \$5.00 a week, and we shall keep it as near that as is consistent with efficiency. Our rates will not be beyond schools of our kind.

EXPENSES IN SPECIAL DEPARTMENTS

MUSIC:

Piano, Voice,	Violin or	Orchestral	Instruments,	per lesson\$.75
Pipe Organ,	per lesson			\$1.50

Rent of Piano:

One period per day, per week\$.25
More than one period per day, each per week\$.20

Rent of Pipe Organ:

*Deduct \$1.50, if 17 years old.

FREE TUITION.

To each student seventeen years of age or over, who, upon registration, signs an agreement to teach in the Common Schools of this state two full terms, tuition is free in the regular Normal Course. (This free tuition is always conditioned upon succeeding Legislatures continuing to make appropriations for such purposes.)

Teachers who enter for the Spring Term as soon as their schools are closed will be charged, according to the above term rates, for time they are in actual attendance, providing they remain to the end of the term.

In all private work students will be charged for lessons that they lose through temporary absence, excepting that in absence due to illness, they will be given an opportunity to make up lost lessons, whenever the teacher's time will permit.

There is a small charge for materials used in laboratories, as follows: Chemistry, \$2 a term; Physics, 75 cents a term; Cooking \$1 a term for use of apparatus; Mechanical Drawing Tools, \$1 a term; Manual Training, 50 cents term for rental of tools and machinery; also student must pay for material used in Manual Training, and in Cooking and Sewing.

A student registered in Home Economics or Art pays for the entire course or for one-half of the course. There are no special rates for less than one-half of the course.

Students who take the Kindergarten course along with the Regular Normal Course will be charged the rates of the Regular Normal Course and \$25 a year for the Kindergarten Course; Voice lessons, \$.75 each.

DEDUCTIONS.

Deductors will be made to boarding students who are absent from school two successive weeks or more on account of sickness or for other satisfactory reasons. The loss will be shared equally by the school and the student.

No deductions will be made to students entering within the first three weeks of a term, or leaving within the last three weeks of a term.

The enrollment fee is not deducted even though a student leaves during the term.

Students leaving school before the end of the term must obtain written permission from the principal, and full settlement of expenses incurred be made at the office. Otherwise, charges will be made for the entire term.

PAYMENTS

TO WHOM MADE—All checks should be drawn to the order of the State Normal School, and payments made to the Principal.

BOARDING STUDENTS—Those who receive State Aid are required to pay \$45 the first day of each term; those who do not receive State Aid \$60 the first day of the term. The remaining amount for each term is payable the middle of that term. Students may not be admitted to classes at the opening of the term unless they have made the required payment, or unless previous arrangements have been made with the Principal.

FOR PROSPECTIVE STUDENTS

(Kindly answer the following questions, and mail this form to the
Principal. It will aid him in finding a roommate for you, and in
attending to other important matters.)
Name (in full)
Home Address
How many years have you attended High School?
Did you graduate?
What teachers' certificate do you hold?
How many years have you taught?
Your age; height; weight
The church you prefer to attend
When do you expect to enter?
Do you want a room reserved in the dormitories?

Students will be compelled to leave school who get in arrears for their board bill as much as \$25, unless satisfactory arrangements have been made with the Principal.

Students from out of town must board in the Normal School dormitories unless they have previously received special permission from the Principal.

(The enrollment fee and the deposit fee must be paid each Term before a student will be allowed to enroll for any of the work.)

DAY STUDENTS—Those who do not receive State Aid are required to pay the term's tuition in the Regular Normal Department the first day of the term.

A charge of 50 cents a term will be made for the use of a locker in the day student's room. This must be paid in advance. Day students are not compelled to have a locker, but will find that one of the steel lockers furnished by the school will afford safety and convenience.

BOOKS-Because of the fact that students often abused the old system of text-book accounts at the Normal, frequently purchasing and reselling books during the term, and thus giving their parents the impression that book accounts at this school are unnecessarily large, we shall, for the present, charge a flat rate of \$10 a year for the use of all books required by the student in the Regular Normal Course or College Preparatory Course. Each student uses during the year books valued at \$30, so this flat rate will be small. Books must be returned to the school in good condition, when the subject has been completed. Students entering only for the Spring Term will be charged a flat rental of \$4. The book rental shall be paid when the student enters school. If he remains but a part of the school year, he will be charged at the rate of \$4 a term or portion of a term. The balance, if any, will be refunded. If students prefer, they may purchase the books from the school at the listed value of the books, but the Normal will not purchase books from the students.

DEPOSIT FEE—A deposit fee of \$5 is required of all students on entering the Normal School. This is to insure against loss of books, or damage to furniture or other school prperty, and will be returned when the student leaves school, provided there are no claims against him. Claim accounts will be deducted from this deposit.

GRADUATION AND CREDITS—Members of the Senior Class will not be graduated unless they have paid all their bills, neither will members of the lower classes receive a standing for the year unless all accounts have been settled. It is essential to educational and moral development that students shall recognize the necessity for prompt discharge of indebtedness. Diploma Fee—(To cover expenses of penman,) \$1.00.

OF SPECIAL INTEREST.

Education means more than that which is received from text-books or imparted in the class room. There are certain cultural elements which will be found in every wisely educated person—elements that cannot easily be described, but the absence of which in anyone makes him a marked person.

ETIQUETTE—Great care is taken in this school to supply these features of true education. Specific addresses are given from time to time, by members of the faculty, upon the various phases of "good form." These teachings are insisted upon in the lives of members of the school.

SOCIAL LIFE—As this is a co-educational institution, frequent occasions are made for the natural and proper association of the sexes—always under the chaperonage of members of the faculty.

Several organizations add to these cultural elements in the student's life. These are re-enforced by many literary, musical and scientific gatherings to which pupils are urged to give their time and effort.

LIBRARY—As an adjunct to all this, and also an essential aid to class work, the school is supplied with a superior circulating and reference library, selected by the librarian and the teachers of the several departments. More than seven hundred and fifty volumes are added yearly, and it is catalogued after the most modern and approved plan. It is housed in a commodious and well-lighted room, and in the library is to be found a list of the leading magazines and the daily and weekly papers.

LIBRARY STUDY—About two hundred and fifty students were this year given a course in library work, thus fitting them the better to use and enjoy libraries and to direct the reading of their pupils. An especial phase of the work was the study of Juvenile Literature.

ENTERTAINMENT COURSE—We maintain a superior course of lectures and entertainments each year. These lectures are open to all students of the school, the enrollment fee paying for the course ticket.

ENVIRONMENT—But choice cultural elements cannot be wrought into one's habit of life unless his environment lends constant support to that end. Our pupils are brought to a dining-room unexcelled by any school, whether we consider the quality of what is furnished or the attractiveness of the room in which it is enjoyed; the rooms of our students are the most commodious and the best furnished to be found in any school of our class; while the corridors and public rooms are adorned with statuary and pictures which reflect the choicest that art has yet produced.

There are no saloons, public billiard rooms, or bowling alleys in or near Mansfield.

RELIGIOUS AIDS—The religious element in our natures receives here the attention which its importance merits. Without a touch of sectarianism, but with constant regard for those of all faiths, the very life of the school is made to reveal the spirit of true religion. Bible study, stated meetings for devotion, missionary study, and religious addresses—all under the auspices of the Y. M. C. A. and Y. W. C. A.,—although purely voluntary, are always encouraged, and are largely attended. Sunday morning church attendance is officially required, as is also the six o'clock vesper service.

ATHLETICS—Athletics comes in also for its due share of attention. A committee of Trustees and Teachers controls this phase of the school's activities.

The games of Football, Basketball, Baseball, and Tennis are now open to all members of the school, the enrollment fee paying for the ticket.

PHYSICAL CULTURE—Aside from the above named sports of the school, especial attention is given to Physical Culture. This is for the health, strength and grace of the individual, as well as for its value to him as a teacher. In this work pupils are required to wear clothing suitable for such exercises—divided skirt and loose blouse for the ladies; a negligee shirt for men, and rubber-soled shoes for all. Students are advised not to get suits until they reach Mansfield, so that all may follow an approved pattern. They can be purchased here at very slight cost. All regular students of the school, regardless of the course they are pursuing, are required to take work in the gymnasium, unless they are physically incapacitated, in which case they are excused upon presentation of a physician's certificate.

HOSPITAL—The school provides a hospital, with a resident nurse. No charge is made for services rendered by the nurse. Every precaution is taken to insure the health of the pupils.

STUDENTS' ROOMS—The educational influence of our students' rooms is not overlooked. They are commodious and are tastefully decorated and furnished. Two students are expected to occupy a room, except by previous arrangement with the Principal and the payment of an excess fee.

Ladies' rooms are furnished with carpet, rockers, straight chairs, tables, bed-room set complete, pillows and one comfortable, mirror on dressing case.

Gentlemen's rooms are furnished with arm chairs, straight chairs, tables, wash-stand, dressing case with mirror, bed, pillows and one comfortable.

All rooms are heated by steam and lighted by electricity.

Students furnish napkins, towels, pillow-slips, sheets, and one comfortable.

BAGGAGE—The school will pay for the transfer of the student's baggage when the student enters during the first two days of the school year, and also will pay the transfer when the student goes home during the last two days of the school year. The school, however, will not pay for the transfer of baggage at other times.

HONORS—Nominations for public honors made by any organization of the school, must be submitted to the faculty for approval before the person can be elected.

Each class is divided into three groups, viz: Honor, Credit, Graduation.

The honor group comprises those whose average, for the year the honor is given, is 90 per cent. or over; the Credit group, those whose average is from 85 per cent. to 90 per cent. Average for graduation is 75 per cent.

Announcement of the standing of the first two groups in each class will be made at Commencement.

FREE SERVICE TO SCHOOL BOARD AND TEACHERS—School Boards and Superintendents desiring the services of good teachers are requested to make early application to the Principal of the Normal School. Students will be recommended entirely upon the record which they have maintained while at this school, or through personal knowledge. Graduates of Mansfield Normal School are asked to keep in touch with the Principal of the Normal School in order that they might be recommended for better positions demanding experience. A Teachers' Bureau, no commission charged, is maintained for the benefit of our graduates.

ROLL OF STUDENTS

(The roll of students is incomplete as the catalog went to press January, 1918, and it does not therefore contain the names of the large number of pupils who entered after that date.)

SUMMARY

Undergraduates (On January 3, 1918) Model School (not catalogued) Kindergarten (not catalogued)	333
Total	790
Fall Term (not counting Model School Winter Term	441

THE ALUMNI

Because of the large body of Alumni and because of the fact that many of the addresses are incorrect and catalogs do not reach them, entailing an unnecessarily large expense upon the school, catalogs will be sent only to graduates of the last five years, and to the decennial classes the year before their reunions at the Normal School; but catalogs will be sent to all Alumni, or to any persons who write for the same.

All Items Intended for this register may be sent to the Principal of the School.

Members of the Alumni are earnestly requested to notify the Principal of any error in name, address or occupation, as given in the register, of changes of address or occupation, and of deaths among the Alumni, that the same may appear in the next register.

Notice of the marriage of the ladies of the Alumni is also desired, with the full name of the busband.

OFFICERS OF ALUMNI ASSOCIATION FOR 1917-1918.

President—EDWARD E. MARVIN, '02 Vice-President—WILLIAM J. NEAL, '00 Secretary—MRS. HELEN WILSON, '00

MANSFIELD ALUMNI ASSOCIATION (OF NEW YORK CITY AND VICINITY
Austin Updyke F. G. Hill Alice Storms	

In the following pages the figures following the names indicate the year of graduation: S. before the year indicates Scientific Course; St. C. E., State Certificate Elementary Course; S. C. S., State Certificate Scientific Course. If only the year is given all are graduates in Elementary Course, up to the year 1903; beginning with 1903 all are in the Regular Normal (3 year) Course; in 1913 some were in the three year course and some in the four year course; in 1914 all were in the four year course.

GRADUATES IN THE SPECIAL DEPARTMENTS.

(Including all departments not passed upon by the State Board of Examiners.)

MANSFIELD NORMAL QUARTERLY

VOLUME 22

MAY, 1918

NUMBER 2

Published by the Trustees of the Mansfield State Normal School of the Fifth Normal District of Pennyslvania.

Issued quarterly, in the months of February, May, August and November.

All communications should be addressed to William R. Straughn,
Principal, Mansfield, Pa.

Entered as second-class matter, February 24, 1915, at the postoffice at Mansfield, Pennsylvania, under the Act of August 12, 1912.

This issue of The Quarterly is offered as a supplement to the catalog number issued in February. It is devoted exclusively to the churches of Mansfield, in response to requests of friends who want to know, and to see pictorially, the religious opportunities presented to the Normal students.

Mansfield has justifiable pride in the religious and the moral environment, as well as in the social and the educational. There are no saloons, public billiard rooms or bowling alleys in or near the town; but there are six religious denominations strongly represented by attractive church buildings and able ministers. Sunday morning attendance upon the church of their choice is exacted of all students, unless excused by the Principal at the request of parents for religious reasons. All students attend the half-hour Vesper Service in the Normal chapel, conducted by the Principal. This is absolutely non-sectarian in character.
